

# City of Lawton Public Works Department Street & Traffic Control Division

---

## PUBLIC SERVICE ANNOUNCEMENT

When road conditions become slick and hazardous, the City of Lawton/ Public Works Department/Street Division activates its crews and salt/sanding equipment to minimize travel disruptions along arterial streets. The following is a list of things drivers should be aware of when encountering this equipment on the roadways:

- 1) **Remain at least 200 ft behind salt/sanding equipment.**

- 2) **Do not attempt to pass salt/sanding equipment**

- 3) **When approaching salt/sanding equipment at a controlled intersection, do not pull alongside equipment, always allow 200 feet of clearance.**

*Call the City of Lawton Street Division at 580-581-3427 for further information*

### Mission Statement

*To maintain and enhance the streets,  
providing a safe transportation network in our community.  
Utilizing trained, dedicated, and professional personnel,  
with an emphasis on exceptional customer service.*
