2. The parties mutually agree that there has been a past practice of adjusting work schedules for the needs of the service. The parties further agree that the meaning of this section was designed to prevent an officer, who was on duty, from being told to go home and report to a different shift at a later time for the purpose of avoiding overtime. The parties hereby mutually agree that the City of Lawton, by and through the Chief of Police or his/her designee, to meet the needs of the service, may assign an officer to temporary duty on another regular shift or special shift. The temporary duties for which an officer may be assigned to another regular shift or special shift are:

a. Promotional and Hiring Review/Interview Boards. An officer may be required to attend a Review Board for the purpose of selecting eligible persons for promotion and hiring in order to afford those considered for selection an equitable opportunity for fairness.

b. In-Service Training Schools. An officer may be required to attend a service-oriented training school which has been determined to be necessary for the officer's professional development.

c. Exceptional Circumstances. An officer may be required to perform special assignments to provide police related activity at times when the circumstances dictate a need for additional or special manpower at a given time.

3. The assignment of an officer to any of the above listed temporary duties on another regular shift or special shift may be made upon giving notice of the change at least sixteen (16) duty hours prior to the beginning of the officer's regular assigned shift. The parties further agree that the purpose of this provision is to provide flexibility to the department to better meet the needs of the community and the recruitment, hiring and education of police officers.

4. The parties further agree that this section shall not be used to reduce or decrease overtime already earned by an officer, but may be used in accordance with these terms to reduce the City's exposure to future overtime resulting from an officer's performance of the special duties listed within this section.

B. Accrual. An officer who works in excess of one hundred sixty (160) hours during his/her normal work period shall be eligible for overtime.

1. An officer's overtime shall be computed to the quarter hour or fifteen minute increment.

2. An officer's overtime will not be considered unless it is authorized by a supervisor, prior to its occurrence.

3. An officer who is ordered to duty on callback overtime shall receive a minimum of two (2) hours overtime credit. If the overtime worked is merely an extension of the officer's duty day, then the officer will receive overtime credit for the actual time worked rounded to the nearest quarter hour. An officer on call back overtime may be assigned to perform any official police duties which the officer is qualified to perform.

4. An officer may elect to take either compensatory time off credit or overtime pay.

5. In the event an officer is subpoenaed for the purpose of testifying at a session of court in the furtherance of his duties as an officer of the Lawton Police Department, the officer shall accrue, as a minimum, two (2) hours of time or the actual time in attendance at the judicial proceedings which ever is greater. Unless the officer's accrual of time during the 28 day work period exceeds 160 hours the time provided in this subsection shall be paid as straight time as provided in section 8.1 hereof.

C. Compensatory Time Off Credit.

1. A non-exempt officer's compensatory time off credit shall be computed at one and one-half (1-1/2) times the overtime the officer worked.

2. A non-exempt officer shall be allowed to accrue up to a maximum compensatory time off credit of two hundred (200) hours.

3. An officer will have the option of cashing out compensatory time under the following provisions:

a. An officer must have over one hundred (100) hours of accrued compensatory time.

b. An officer shall be allowed to cash out up to 40 hours; however, the accrued rate cannot be cashed out below one hundred (100) hours.

c. The cash-out option shall be paid by the City on the first non-payday Friday in January, April, July, and October. A written request for the cash-out option shall be made at least two (2) weeks prior to the pay out date.

4. An officer shall only be allowed to exchange the compensatory time off credit for pay at their current hourly rate upon termination, resignation, death, or retirement. An officer promoted to an exempt position as defined in this agreement shall comply with the provisions of Section 17-153 B of the Lawton City Code or as it may hereafter be amended by the City Council.

5. An officer's request to take compensatory time off shall be subject to approval of the Chief of Police or his/her designee.

D. Rate of Pay for Overtime. An officer's overtime pay shall be computed at one and one-half (1-1/2) times the officer's hourly rate of pay, and shall be paid in the first pay period following the end of the work period.

8.4 Historic Longevity Pay.

A. Historic Longevity Pay shall be an incentive program to pay eligible officers for continuous service with any department of the City.

B. Eligibility. An officer hired prior to July 1, 2004 shall commence accruing historic longevity pay benefit upon completion of forty-eight (48) months of continuous service with the City. An officer hired on or after July 1, 2004 shall not be eligible for the historic longevity pay benefit, regardless of the officer's length of continuous service with the City.

C. Maximum. An eligible officer shall accrue historic longevity pay benefit on a maximum of twenty-one (21) years of continuous service with the City.

D. Amount. An eligible officer's bi-weekly historic longevity pay benefit shall be determined by multiplying the officer's annual length of service by \$5.61 as set out in Addendum C.

E. Payment. An eligible officer's historic longevity pay shall be paid, by separate check, no later than the first non-pay day Friday in June.

8.5 Educational Assistance.

B. Eligibility

1. The recipient must be a commissioned officer non-probationary employee.

2. Upon application to receive educational assistance, the officer's last performance evaluation must reflect an overall rating of standard or better.

3. The officer must receive a letter grade of "B" or above in college or university undergraduate courses, a grade of "B" or above in eligible graduate courses, or a certificate of satisfactory completion of a vocational education course. No reimbursement will be made for doctorate courses or programs beyond the Master's degree level.

4. Officers must research, apply for, and accept, if offered any state and/or federal financial assistance available such as scholarships, grants, Veterans Administration benefits, Bureau of Indian Affairs benefits and other similar programs with the exception of government loans.

C. Application and Processing

1. Eligible officers wishing to participate in the Educational Incentive Program must complete an application form for educational assistance for each course and forward the completed form to the Human Resources Department. The Chief of Police must sign and recommend approval for each request for educational assistance before the Human Resources Director shall consider the application.

a. Student Aid Report (SAR) for current calendar year.

b. Financial Assistance Award Statement or other offer of proof from the academic institution that the student shall be attending that states the amount of education assistance received for each course.

c. Failure to provide a current SAR and Financial Assistance Award Statement or an acceptable offer of proof to the Human Resources Department shall disqualify the officer from receiving the educational incentive benefit from the City.

3. The Human Resources Department is responsible for processing applications and reimbursements.

4. After satisfactory completion of the course and submission of required documentation, the City will reimburse the officer at the established percentage. The officer shall submit documentation no later than thirty (30) days following the completion of the course as follows: certificate of satisfactory completion of the course for pass/fail courses or an official

transcript from the institution which indicates the actual grade received; and all receipts for tuition from the institution.

5. All applications for assistance will be processed on a first-come first-served basis. Once the amount budgeted for educational assistance is exhausted, educational assistance will be unavailable for the remainder of the fiscal year.

D. Eligible Educational Expenses

Unless otherwise prohibited by another provision of this Section [i.e. CBA Section 8.5], each eligible officer who completes the course in accordance with the criteria specified in Sub-paragraph 3 of Paragraph B of CBA Section 8.5 shall be reimbursed an amount equal to sixty percent (60%) of the tuition cost after the application of financial aid for a grade of "B" or shall be reimbursed an amount equal to seventy-five (75%) of the tuition cost after the application of financial aid for a grade of "A". The reimbursement at either percentage rate is limited to a maximum amount based on the average of college credit hour costs as follows:

1. College credit hour average costs based on Oklahoma University, Cameron University, and Oklahoma State University plus ten percent (10%) per the following criteria:

a. Undergraduate and lower courses: Average credit hour amount based on a BS in Management from the three (3) referenced colleges.

b. Eligible graduate courses: Average credit hour amount based on a BS in Management from the three (3) referenced colleges.

c. In no event shall the amount reimbursed for a class exceed the actual cost for that class.

E. Criteria for Job Related Courses

1. A course must be directly related to the officer's current job assignment or a position that the officer could reasonably be expected to qualify for in the next three (3) to five (5) years. The Human Resources Director shall determine if a course is job related based on information provided by the applicant, Chief of Police and independent research results.

2. General education courses in fulfillment of a job related degree program may be eligible provided the officer has submitted an outline to the Human Resources Department of courses required and courses to be taken to satisfy the degree requirement. The Human Resources Director must approve the outline/course curriculum.

Distance learning, online and correspondence courses are eligible for the education incentive program provided that funds are available and they meet the eligibility criteria for a job related course. The rate of reimbursement for these types of courses shall be based upon Paragraph D rates figured for undergraduate courses.

F. Repayment due to separation from city employment. Any officer who receives educational assistance from the city after July 1, 2016 shall be required to maintain employment with the city for a minimum of three (3) years following receipt of assistance. An officer who voluntarily leaves city employment within three (3) years of receiving educational assistance shall be required to reimburse the city for all educational assistance received.

G. Program Monitoring

The Human Resources Director shall monitor assistance to officers under the program and shall forward an annual report to the City Manager by January 15 of each year. A copy of the report shall be furnished to the Police Chief.

8.6 Working Out Of Classification.

A. Effective July 1, 2016 working out of classification pay shall cease. The need from time to time for a member to work out of class in a higher classification shall be considered a job requirement for which no additional compensation beyond one's regular wages will be provided.

B. When the need for working out of class is determined to be necessary by the Chief of Police or his/her designee, such working out of class assignments will be assigned to qualified officers of the appropriate rank [e.g. police officer (with sergeant designation) moving up to lieutenant, lieutenant moving up to captain, etc.]] from within the affected division by first selecting available on-duty officers from the current promotional list. If this does not satisfy the working out of class need, seniority by rank of those on-duty officers from within the affected division shall be the primary guideline used. However, the Police Chief, or his/her designee, maintains the right to deviate from these parameters when needed for a justifiable management reason and/or for the good of the service. The determination to deviate for a justifiable management reason and/or for the good of the service shall be applied as determined by the Chief of Police or his/her designee. In the event of a deviation, the affected officer [i.e. the

officer being denied the opportunity to work out of class] may make a request within twenty-four hours to the supervisor making the deviation for an explanation for the deviation. The supervisor making the deviation shall state in writing his/her reasons for departure from the above-referenced parameters. A copy of the supervisor's reasons shall be forwarded to the affected officer and the Chief of Police within seven (7) calendar days of the questioned assignment.

8.7 Leave Conversions.

A. An officer shall be allowed to convert his/her annual Holiday Pay and their regular Sick Leave Pay from annualized payments to bi-weekly wages after an officer completes sixteen (16) years of continuous service with the Lawton Police Department. An officer who exercises this option shall be allowed to change from bi-weekly to annualized payments. The option must be exercised in writing on a form provided by the Chief of Police and submitted to the City on a Personnel Action Form.

B. In addition to other requirements, the City and the Union agree that an officer must have a minimum of two hundred eighty-eight (288) regular sick leave hours to be eligible to make this conversion.

8.8 Canine Officers.

A. Any officer who meets the qualifications and conditions of the "Application for Police Dog Handler's Position" may apply for the dog handler position.

B. The selection of the canine officer will be from among those who have applied for said position, without regard to seniority. The selection shall be made by the Chief of Police from among the officers who applied.

C. Canine Officers will be assigned by the Chief primarily to the evening or midnight shift.

D. All rights, privileges, benefits and other terms and conditions or employment guaranteed by this Agreement will continue in full force and effect with respect to the canine officers and any other members of the Bargaining Unit, except as specifically provided herein.

E. Seniority, Section 4.7 of the Agreement, will apply between the canine officers with regard to their scheduled days off on the available shift and shall also apply between the canine officers with respect to scheduling vacation leave.

F. Section 4.7 of this Agreement shall control in determining which Canine officer shall be assigned to another shift and to which shift. This section does not apply and shall not be used to remove an assigned canine officer from his/her assigned shift.

G. Each canine officer will be released from his/her regular work assignment for a period of 40 minutes for each shift. The 40-minute release from regular assignments is to provide time, to include off duty days, weekends and holidays for necessary care, grooming and maintenance of the animals in performance of police duties. The 40 minutes off per shift worked from regular assignments contemplates all time needed and used by said officers for the care, grooming and maintenance of the animals including time used on days said officers are not assigned to work. If said time is not sufficient to provide the necessary care for said animals, the officer shall notify his/her supervisor. Overtime as defined in Section 8.1 of this Agreement must be authorized in advance by the supervisor except in emergency situations.

8.9 Promotional Policy.

Promotional Policy will be set forth in Administrative Policy 11-1 and will state that any and all modifications to said promotional policy will be reviewed by a committee of four (4) consisting of equal representation from the Union and the City. Either the City or the Union may initiate modification of the promotional policy with reasonable notice given to the Union President and/or the City Manager as the case may be. All recommendations will be forwarded to the City Manager and his/her determination will be final.

8.10 Sergeant Incentive Program

Prerequisites: To participate in the Sergeant incentive program an officer must have completed a total of three (3) years of continuous service prior to the testing and shall have four (4) years of continuous service prior to the designation. An officer must have received a standard or higher annual evaluation for the year preceding his/her designation. An officer must not have received any disciplinary action greater than a written reprimand during the twelve months prior to the Sergeant designation.

Testing: The City shall administer a Sergeant examination between January 1st and January 31st of each year. The examination shall consist of an oral examination, and a written examination. The City shall notify all officers who are eligible to participate in the examination of the date, times, and location of all phases of the examination. The oral examination shall be administered prior to the written examination.

Oral Examination: The oral examination shall be administered by the Personnel Director or his designee. The oral examination board shall be composed of one (1) Captain and one (1) Lieutenant, both appointed by the Chief of Police, and three (3) Sergeants; who shall be selected by random drawing by the Chief of Police or his designee. The Sergeants must have three (3) or more years of service as a Sergeant. The Captain shall serve as the chairman of the board. The board shall rate each participant on work experience, educational experience, and interview performance on a scale of 0-100 utilizing the oral examination appraisal worksheet (Form AS-209). The participants highest and lowest score will be discarded. The participants rating will be the average of the remaining three (3) scores rounded to the nearest point. The interview questions may include, but will not be limited to departmental policies, procedures, directives, rules, regulations, legal matters, human relations, and supervision. The Personnel Director or his designee shall notify each participant of his oral interview score immediately following the participant's oral interview. An officer's oral examination score will be good for a period of two years from the date the oral examination is graded; i.e. it will be good for two consecutive testing cycles.

Written Examination: A written examination will be conducted annually for designation to Sergeant. The test will be prepared by the Chief of Police or his designee. The test will consist of 50 questions taken from a provided study guide. The Chief of Police or his designee will prepare a study guide consisting of questions from departmental policy and procedures; rules and regulations; Oklahoma State Statutes Title 21, Title 22, Title 47 and Title 63; Lawton City Code Sections 16 and 23. The study guide will have no more than 400 questions. The study guide will be provided to the officers eligible to test by November 1st of the year prior to the test year. Each test will be administered by the Personnel Director or his designee. The written examination shall be graded by the Personnel Director or his designee, who shall determine an officer's written examination score based on a grading system from 0-100. An officer's written

examination score will be good for a period of two years from the date the written examination is graded; i.e. it will be good for two consecutive testing cycles.

Designation: An officer who achieves a composite score of eighty-five (85) or higher, and who meets the prerequisites, shall be designated a Sergeant and immediately placed in the appropriate pay grade. The Sergeant designation will be noted only on the officer's name tag. Neither shoulder stripes nor collar insignia will be used.

8.11 Designation as Detective/Investigator.

The Chief of Police shall have the authority to appoint members of the service as (1) detective/investigator or (2) supervisor over a division of detectives/investigators. The individuals so designated must hold the designation of Sergeant or the rank of Lieutenant or Captain. It is not intended that an assignment as detective/investigator or supervisor over a division of detectives/investigators be a permanent placement within the Department. The Chief of Police may assign officers to this status for a period to be determined by the Chief of Police.

8.12 Holiday Pay.

A. Officers shall be paid by separate check on the first non-pay day Friday in May Holiday Leave pay equal to eighty-eight hours (88) at the officer's hourly rate of pay. Hourly rate of pay is, for the purposes of this sub-section, the hourly rate shown on Addendum A, Salary Schedule for the officer's grade and step including Sergeant incentive and/or Detective incentive if appropriate and other pay if appropriate and required by law.

B. Officers hired after the beginning of the City's fiscal year shall have their Holiday Pay pro rated for the remainder of the holiday pay period based on the number of the regular pay periods remaining in the holiday pay cycle. Payment of the pro rated amount shall be made in accordance with the terms of this Agreement.

C. Officers leaving the service of the City prior to the close of the holiday pay period shall have their Holiday Pay pro rated for the number of pay periods that have occurred since the beginning of the City's fiscal year. Payment of the appropriate amount shall be made at the time that all other payments are made to the officer on termination of service with the City.

D. Officers who have elected to participate in the Section 8.7 “Leave Conversion” program shall not receive the “Holiday Leave Pay” provided in Section “A” hereof. Instead, the “converted” officer shall receive a “Holiday Leave Check” in an amount representing eight (8) hours of pay at the officer’s hourly rate of pay. The provisions of subsections “B” and “C” of this section shall apply to the eight (8) hours of holiday pay provided herein.

8.13 Shift Pay Differential.

A. The provisions for Shift Differential Pay of the Lawton City Code Section 17-138 or as may hereafter be amended by the Lawton City Council are incorporated herein as if set out in full subject to the following provisions:

1. Only full-time officers qualify;
2. Unscheduled overtime hours do not count on credit to qualify for night work pay differential;
3. Departmental training shall be credited as qualifying for night shift differential pay for those officers regularly scheduled to work on a qualifying shift but do not do so because of the departmental training; and
4. Officers assigned to Community Oriented Policing (COP) program shall receive night shift differential pay for only those days during a pay period when the officer meets hours of duty requirement of this provision. There shall be no other separate entitlement for night shift differential pay.

B. In no event shall the provisions of this section apply to officers working during the period as set out in sub-section A of this section of the Lawton City Code in an overtime capacity. For example an officer who is not otherwise qualified who is held over or is called back to duty during the defined period is not eligible for night work pay differential.

8.14 Deferred Compensation

Members of the Union shall be afforded the option of making contributions into a deferred compensation program governed by Internal Revenue Code 457. The option to make said contribution shall be limited to one of the following plans: (1) the 457 plan offered through ICMA, (2) the Nationwide Frontline 457 Plan, or (3) any other 457 plan the City – at its sole

option – chooses to make available. Bargaining unit members choosing to participate will be allowed to make contributions to **one** of the above-referenced plans and will be entitled to transfer 457 plan assets to the plan of choice, if necessary.

8.15 Field Training Officer Assignment & Pay

- A. An officer assigned as a field training officer, (FTO), shall receive an incentive of a ten percent (10%) increase in base pay based on that officer's current grade and step while performing field training operations during that period of time that he/she has a probationary officer assigned to ride with him/her on patrol.

- B. The selection of officers to serve as field training officers shall be made by the Chief of Police or the Chief's designee. The training division supervisor will be responsible for assigning recruits(s) to the FTOs and overseeing the recruit's overall field training. An officer assigned to be a field training officer should not consider the assignment permanent. Individuals serving as field training officers do so at the pleasure of the Chief of Police and may be relieved from being a field training officer at any time by the Chief of Police.

- C. An officer selected to serve as a FTO shall meet the following minimum requirements:
 - 1. Complete the designated FTO training as established by the Chief of Police or his designee.
 - 2. An officer shall only be assigned as a recruit's primary FTO if it is known that they will be available to complete the final phase of field training.

8.16 Public Safety Sales Tax Incentive Pay

For FY-18-19, eligible non-probationary officers employed with the City as of July 1, 2018 who are still employed with the City as of February 25, 2019, will receive a one-time incentive in the gross amount of one thousand eight hundred dollars (\$1,800.00) less all applicable taxes, deductions, withholdings, and employee and city pension contributions. Said incentive shall be payable on or before March 27, 2019. As stated above, the "gross incentive amount" [i.e. \$1,800.00] shall be the gross amount designated for each eligible officer prior to reducing from

said amount the applicable taxes, deductions, withholdings, and employee and city pension contributions. This incentive shall be paid from the available funds generated from the public safety sales tax, subject to the annual spending limitation set forth in City Code Section 10-18-1804(A)(1)(b), and if necessary, the general fund.

ARTICLE 9 -- INSURANCE

9.1 Officer and Dependents Group Insurance.

A. Coverage. The City agrees to provide the officers, and the officers' dependents, with a group health insurance plan that has benefit coverage in effect as of July 1, 2018 with the following conditions and exceptions:

B. Premiums.

1. Members of the bargaining unit shall have the option of enrolling in the City's group health insurance plan or said members may elect not to participate in the City's group health insurance plan. The City shall offer its main health plan [i.e. core plan], and may at its discretion offer additional plans pursuant to Section 9.4.

2. Police employees covered by this Collective Bargaining Agreement who elect to participate in the City's core group health care plan will be responsible for the following bi-weekly share (26 pay periods) of health care premiums:

Employee Only:	\$ 48.16
Employee & Child(ren):	\$ 195.92
Employee & Spouse:	\$ 201.10
Employee & Family:	\$ 208.53

It is understood that the premiums charged for other health plans the City may choose to offer under Section 9.4 will in all likelihood be different than the premiums set forth above. Officers selecting one of these other health plans should expect to pay a different premium than those premiums set forth above.

The City shall contribute to the health plan on a bi-weekly (26 pay periods) basis the following health care premiums if the employee elects to participate in the City's group health care plan:

Employee Only:	\$ 188.93
Employee & Child(ren):	\$ 336.69
Employee & Spouse:	\$ 341.86
Employee & Family:	\$ 349.28

3. In the event the Employee Group Health and Benefit plan fund balance falls below \$200,000.00 for two (2) consecutive months the parties agree to the immediate

implementation of a temporary ten percent (10%) increase to all premiums. Once the fund balance reaches and maintains a balance above \$400,000.00 for ninety (90) consecutive days, the premiums will return to the original amounts listed above. *For purposes of FY-18-19, while the City retains the right to implement a rate increase when the above conditions are met, the Union agrees not to demand strict performance of this provision unless the fund balance takes a steep decline. For purposes of clarification, a "steep decline" would be a fund balance of (-\$500,000.00) or worse.

C. Solvency Re-Opener:

The parties agree to re-open this item for negotiations to insure the solvency of the Employee Group Health and Benefit plan if the plan fund balance remains below *\$250,000.00 for any consecutive three (3) month period. For FY-18-19 the \$250,000.00 number will be replaced with [-\$500,000.00].

D. General Fund Advances

The Parties agree that should the city from the City General Fund advance to the Health Fund monies to keep the fund solvent that when the Health Fund balance reaches and maintains Five Hundred Thousand 00/100 Dollars (\$500,000.00) the Health Fund shall repay the City General Fund an amount not to exceed Ten Percent (10%) of the fund's balance each said calendar month thereafter until the City General Fund has been repaid. This section shall also apply to any existing advances that have been made to the health fund prior to July 1, 2009.

9.2 Officer Accidental Death Benefits.

A. Estate-Lump Sum Payment. The City agrees to provide the officers with an accidental death benefit in the amount of seventy-five thousand dollars (\$75,000.00), which shall be payable to the officer's estate in the event an officer is killed while in the performance of official duties, or dies later as a result of injuries incurred while in the performance of official duties. The City agrees that the accidental death benefit shall be paid in addition to any and all benefits the officer's estate is qualified and entitled to receive.

B. Spouse-Group Health Insurance. The City agrees to allow the spouse of an officer who is killed in the performance of official duties, or dies later as a result of injuries incurred in the performance of official duties, to continue WITHOUT INTERRUPTION, the City

Group Health Insurance Plan on the spouse and any qualified dependent children or children subsequently born as a result of the marriage; said cost shall be born by the City for a period not to exceed forty-eight (48) months or the spouses' remarriage, whichever occurs sooner. The spouse may extend the coverage under the provisions of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1986 as amended, at 100% of the actual premium cost to the City. Upon the date of the spouse's remarriage, all insurance coverage will cease on the spouse and dependent children.

During the Recruit period the officer shall have none of the rights and privileges afforded by this agreement. A Probationary Officer shall be entitled to all privileges of this Agreement except that the officer shall not be entitled to grieve disciplinary action, if any, under the provisions of Article 5 of this agreement. Upon the completion of the Recruit phase and certification by CLEET the officer shall remain in the initial step of Pay Grade 8. Upon designation as a Police Officer the officer shall remain in the initial step of Pay Grade 8, but shall have all the rights and privileges afforded by this Agreement. The "initial step" within Pay Grade 8 shall depend on in which of the below groups an officer is hired.

4A. This paragraph applies to employees hired on or after July 1, 2018.

Officers hired on or after July 1, 2018 shall initially be placed in Pay Grade 8, Step B. Upon completion of thirty-six (36) months of employment in Pay Grade 8 Step B [including time spent in Grade 8 Step B as a Recruit and Probationary Officer] the officer shall be eligible to receive their first merit step increase provided he/she received an overall rating of "Standard" or above on his/her latest "Employee Performance Evaluation".

4B This paragraph applies to employees hired between July 1, 2016 and June 17, 2018.

Officers in this category are hired to start in Pay Grade 8, Step A. These officers will be eligible to receive their first merit step increase upon completing twenty-four (24) months of service. Officers hired on or around February 1, 2016 [whether currently in Recruit, Probationary or Non-Probationary Status] were placed at that time in Grade 6 Step A, and were subsequently moved to Grade 8 Step A on July 4, 2016. Due to this bump up in hourly pay these officers will not be eligible to receive a merit step increase until completing 24 months of credited service with the Lawton Police Department. Said eligibility to receive a merit step increase shall be contingent upon the officer receiving an overall rating of "Standard" or above on their most recent "Employee Performance Evaluation."

2. Officers hired in July 2015 shall be required to complete 24 months of credited service with the Lawton Police Department to be eligible for their first merit step increase to Grade 8 Step B. Said eligibility to receive a merit step increase shall be contingent upon the officer receiving an overall rating of "Standard" or above on their most recent "Employee Performance Evaluation."

4D. Officers that are in Pay Grade 8A on June 17, 2018 shall automatically receive a bump up in pay to Grade 8B on June 18, 2018. This bump up in the Officer's hourly rate of pay shall not affect their date of eligibility for their first/next merit step increase.

Section 5. If any disputes arise regarding an officer's placement on the Department Seniority Roster, for purposes of the effective date or date of eligibility for a merit step increase, the dispute shall be resolved by a representative of the Union, and a representative of the City, meeting and conferring. Their decision shall be final.

Section 6. Effective February 25, 2019, the spread between Step F and Step G and the spread between Step G and Step H will be increased as set out in the attached pay chart that will become effective on that date. The increased cost incurred by the City from this provision in FY-18-19 shall be funded from the available funds generated from the public safety sales tax, subject to the annual spending limitation set forth in City Code Section 10-18-1804(A)(1)(b).

Section 7. Effective July 1, 2019, a new step called "I Step" will be added to the pay plan as set out in the attached pay chart scheduled to become effective on that date. The increased cost incurred by the City from this provision in FY-19-20 shall be funded: (1) from available funds generated from the public safety sales tax, subject to the annual spending limitation set forth in City Code Section 10-18-1804(A)(1)(b), or in the event there are insufficient public safety sales tax funds available, (2) from the general fund.

- a. Sergeants who, as of July 1st, 2019 have been in H step for more than a full year and whose official evaluation date falls between July 1st 2019 and January 12th, 2020 and who meet the qualifications for a step increase shall be moved to I step on that evaluation date. Sergeants who as of July 1st, 2019 have been in H step for more than a full year and whose official evaluation date falls between January 13th, 2019 and June 30th 2019 who meet the qualifications for a step increase shall be moved to I step on January 13th, 2020, unless they have received a supplemental evaluation that makes them ineligible for a step increase.
